Joint CTEQ Meeting and 7th International Conference on Physics Opportunities at an EIC (POETIC 7)

Wednesday 16 November 2016

Parallel Session 5A (Chair: Max Klein) - Howard Gittis Student Center, 217-AB (13:30-15:35)

time	title	presenter
13:30	Impact of potential LHeC measurements on parton distribution functions (remote talk)	COOPER-SARKAR, Amanda
13:55	Opportunities for Higgs physics at future lepton-nucleon colliders	ZHANG, Chen
14:20	High Q ² physics at the LHeC and FCC-eh (top, electroweak and BSM)	GWENLAN, Claire
14:45	The hard Pomeron structure: from HERA and the LHC to the EIC	ROYON, Christophe
15:10	Next-generation nuclear DIS: spectator tagging with light ions at an EIC	COSYN, Wim
